PRODIGY

Whether they're already skating circles around you or stepping up to the blue line for the first time, nothing makes hockey more accessible and fun than the right equipment. The new PRODIGY® line from BAUER is designed specifically with that in mind. Born from our deep knowledge of hockey, the PRODIGY line meets the needs of today's young players and their parents. Lightweight, adjustable and built specifically for youth, the PRODIGY line gives your child the confidence to grow into the game while enjoying every moment.

PRODIGY — Right from the start.

PRODIGY® Skate — NEW

A 13' radius blade provides enhanced balance. A pull & lock lacing system makes it easy to tighten laces to ensure the optimal fit. A removable footbed insert allows for additional life of the skate.

Size

Jr [1047258] 2(1-2), 4(3-4), 6(5-6) full R width
Yth [1047259] 9(8-9), 11(10-11), 13(12-13)

Upper Features

Quarter Package	Variable injected boot construction with integrated toe cap
Lining Material	Brushed nylon
Ankle Padding	Comfort foam ankle pads
Tongue Construction	Pre-shaped comfort felt tongue
Footbed	Comfort EVA
Lacing System	Slide tie system for ease of use

Lower Features

Outsole	TPR
Blade Holder	TUUK LIGHTSPEED Pro 13ft radius
Runner	TUUK

PRODIGY® Helmet — NEW

Featuring shell and facemask adjustment for optimal fit, quick release attachments for ease of use and a dual-density foam liner providing optimal protection for the youth player.

Size

Yth Helmet [1045680]
Yth Combo [1045723]

Protection

Dual-density foam optimized for the youth game
Dual-ridge crown
CSA, HECC, CE certified

Fit

Two-piece adjustable shell
Tool-free adjustment

PRODIGY Combo

PRODIGY helmet and PRODIGY facemask
Four position J-Clips and adjustable top clips
Quick release facemask snaps
CSA, HECC, CE certified

PRODIGY® Glove — NEW

Designed to provide improved dexterity, the PRODIGY® glove also features reinforced protection throughout the thumb.

Size

Yth [1046518] 8", 9"

Features

PROTECTION:

Foams - Single density
Thumb - 1 piece thumb with poly insert
Shell - Stretch mesh

Color

Black [BLK]

FIT/MOBILITY:

Overall Fit - Youth specific
Fingers - 2-piece index
Palm - Single layer nash
Liner - Hydrophobic mesh

PRODIGY® Top and Bottom — NEW

This unique 2-in-1 system allows kids to slip right into this last layer of protection. Additional padding was applied where it's needed most — in the elbows, knees and tailbone to ensure a more comfortable experience on ice. Several features such as the youth specific shoulder cap, strapping system on the shin and suspender buttons all help provide an optimal fit. Also part of this unique 2-in-1 system is a universal pocket that fits either jock or jill.

YTH TOP [1046247] S, M, L

Integrated shoulder and elbow system
Segmented design for maximum mobility
Floating bicep protection for youth specific fit

Features

Shoulder Cap:	Double density foam construction
Sternum:	Molded double density foam
Spinal:	Vented spinal foam construction
Bicep Guard:	Adjustable elbow system
Elbow Cap:	Molded MD foam
Forearm Guard:	MD foam
Elbow Joint:	MD foam + sleeve
Elbow Strap:	2-strap system
Liner:	Hydrophobic mesh

YTH BOTTOM [1046248] S, M, L

Integrated pant, shin, and jock/jill system
Customized fit with pant leg zippers and suspender buttons

Features

Shin Cap:	Double density foam with PE insert
Knee Cap:	Injected knee cap
Calf Guard:	Molded double density
Shin Strap:	Anchor strap
Tail Pad:	LD foam + PE insert
Shell:	Nylon stretch panels

PRODIGY® 2.0 Goal Pad — NEW

A combination of lightweight, protective foams, flexible materials, and a parent-friendly sizing and adjustment system helps deliver the right level of fit and performance on the ice.

VAPOR 1X

FORM FIT LITE FELT TONGUE with CURV INSERT

Combination of 52oz and 40oz felt tongue construction improves overall integration of skate and foot. Lightweight construction pushes the skate to new extremes of weight reduction. The Curv® composite inserts provide a higher level of protection and increased support.

37.5™ LINER

Revolutionary liner technology helps regulate the core body temperature of the player keeping your foot dry and locked in place for complete control. Fabrics with 37.5™ Technology dry up to 5X faster than similar fabrics.

TUUK LIGHTSPEED EDGE

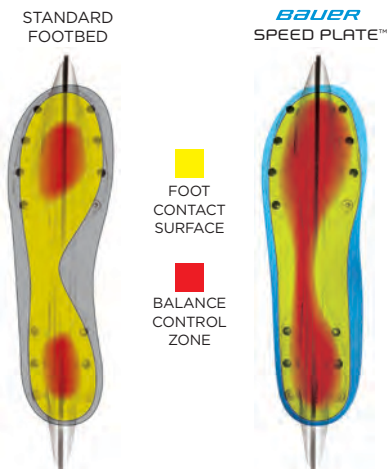

The NEW LIGHTSPEED EDGE holder is designed and developed to provide a greater angle of attack through an increase of 3mm in overall height. The player benefit is sharper, tighter turns without “bottoming out”. The TUUK LIGHTSPEED EDGE also features an innovative trigger system that allows players to change steel in seconds without missing a shift.

**ALUMUNIZED CURV® COMPOSITE UPPER AND CURV® ANKLE SUPPORT**

Driven from the OD1N performance lab, a new boot construction sets a new standard of on-ice performance and out-of-the-box customization. The combination of lighter weight Curv® composite and updated X-Rib pattern, improves heel and ankle lock allowing players to cross over quicker and turn tighter.

**BAUER SPEED PLATE™**

Industry leading proprietary technology, the BAUER SPEED PLATE™ features a recovery alloy technology providing the player with revolutionary customized fit characteristics for the entire foot; allowing the skate to become a part of the foot enables the player to achieve optimized balance and stability resulting in higher top end speed.

**TUUK LS4 RUNNER**

Elite grade of stainless steel provides superior on-ice performance through maximizing energy transfer and superior surface finish for a cleaner, stronger sharpening edge. An additional 3mm in profile height allows for a greater angle of attack to turn tighter and get to the puck quicker.

VAPOR 1X Skate — NEW

Size

Sr [1045920] 6-12 full and half / D, EE widths

Jr [1045922] 3-5.5 full and half / D, EE widths

TRADITION MEETS TECHNOLOGY

NEXUS 8000

HYDRA-MAX 2 LINER

Moisture wicking and abrasion-resistant with integrated comfort wrap. The Total Edge Comfort minimizes wear and tear around the top of the ankle.

TUUK LS FUSION BLADE

Revolutionary runner design fusing the strength and performance of our elite stainless steel with high-grade aluminum, reducing the weight of the runner by 27%.

ANAFORM FIT

The traditional "Deep-V" heel fit is now available in BAUER's proprietary 3-D lasted construction and Curv® composite. 3-D lasted skates featuring Curv® composite are the most widely used at the game's highest level.

Anatomically correct Curv® composite upper and insole provide a more comfortable fit and more responsive skate. Through anatomical thermoforming, the skate is heated so it can be formed around the ankle and heel, giving a true 360° custom fit for any foot shape.

Less negative space

*Curv is the registered trademark of the Propex Operating Company, LLC

ULTRA THICK PRO FELT TONGUE

Ultra thick pro felt tongue with molded metatarsal guard, provides maximum comfort and protection from lace bite.

DEEP V HEEL FIT

NEXUS offers a "DEEP V" heel fit that locks the player's heel in place to ensure the skate reacts to the player's every movement the way they intend. With BAUER's deepest fit, players will experience quicker take off speed, increased power and maximum comfort.

TUUK LIGHTSPEED EDGE Holder

CHANGE YOUR STEEL IN SECONDS

Senior Holder [1041847]

Junior Holder [1041848]

TUUK LIGHTSPEED 4 EDGE Stainless Steel Runner — NEW

Senior [1047144]

Packaged as 2 (1 pair)

High grade stainless with mirror polished finish for increased edge retention properties

Higher steel profile for longer sharpening life and greater angle of attack

10ft radius

Fits seamlessly into the white TUUK LIGHTSPEED EDGE holder

Includes 1 LIGHTSPEED EDGE Tool for easily changing your runners

TUUK LIGHTSPEED FUSION EDGE Runner

Senior [1041844]

Junior [1041845]

Packaged as 2 (1 pair)

Consistent blade heights (16.5mm)

9ft radius

27% lighter than standard stainless steel

Engineered with the highest grade of stainless steel and lightweight aluminum - then fused together by epoxy and rivets

Fits seamlessly into the white TUUK LIGHTSPEED EDGE holder

Same sharpening life as a standard runner

Includes 1 LIGHTSPEED EDGE Tool for easily changing your runners

TUUK LIGHTSPEED 3 EDGE Runner

Senior [1041841]

Junior [1044473]

Packaged as 2 (1 pair)

10ft radius

Higher steel profile for longer sharpening life, greater angle of attack and custom profiling

Engineered to fit seamlessly into the white TUUK LIGHTSPEED EDGE holder

TUUK LIGHTSPEED 2 EDGE Stainless Steel Runner

Senior [1041842]

Junior [1041843]

Packaged as 2 (1 pair)

Adjusted heights for consistency (16.5mm)

9ft radius

Fits seamlessly into the white TUUK LIGHTSPEED EDGE holder

Includes 1 LIGHTSPEED EDGE Tool for easily changing your runners

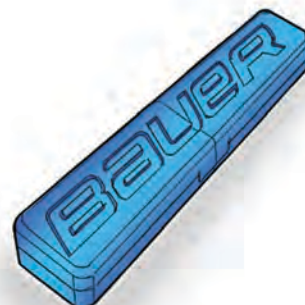

TUUK LIGHTSPEED EDGE Travel Kit

One Size [1042742] Fits Size 1-14

Features

Ultra durable case - protects the steel and can withstand the grind of a hard hockey season

Replacement steel sold separately

TUUK LIGHTSPEED 2 Holder

Senior Holder [1025116]
Junior Holder [1025115]

TUUK LIGHTSPEED 3 Stainless Steel Runner

Senior [1040013]

Packaged as 2 (1 pair)

Higher steel profile for longer sharpening life, greater angle of attack and custom profiling

Improved hardware provides optimal attachment for the TUUK LIGHTSPEED 2 holder

TUUK LIGHTSPEED FUSION Runner

Senior [1033303]
Junior [1041845]

Packaged as 2 (1 pair)

9ft radius

27% lighter than standard stainless steel

Engineered with the highest grade of steel and lightweight aluminum – then fused together by epoxy and rivets

Fits seamlessly into the white TUUK LIGHTSPEED 2 holder

Same sharpening life as a standard runner

TUUK LIGHTSPEED 2 Stainless Steel Runner

Senior [1033593]
Junior [1034647]

Packaged as 2 (1 pair)

Adjusted heights for consistency (16.5mm)

9ft radius

Improved hardware provides optimal attachment for the TUUK LIGHTSPEED 2 holder

TUUK LIGHTSPEED Service & Travel Kit

One Size [1034219] Fits Size 1-14

Features

Ultra durable case – Protects the steel and can withstand the grind of a hard hockey season

TUUK LIGHTSPEED Wrench – Easy to use tool for replacing your steel runners

Individual Slots – Holds, maintains, and protects the steel from getting damaged

Replacement steel sold separately

BAUER SPEED PLATE™

Industry leading proprietary technology, the BAUER SPEED PLATE features a recovery alloy that provides the player with a revolutionary customized fit for the entire foot. The precision fit allows the skate to become a part of the foot enabling the player to achieve optimized balance and stability resulting in higher top end speed and ultimate efficiency.

BAUER Speed Plate™ — NEW

[1047134] 3-12 full only

Features

- Full length Recovery Alloy technology for on-the-spot customized balance fitting
- Mid-density top foam covering in high impact landing zones
- Easy trim and fit with cut-line indicator
- Thermo-chromatic print applications for easy to customize guidelines
- Grip applications for foot stability and reduced slippage

QUICK MOTION SHOTS

SNAP SHOT

SLAP SHOT

QUICK RELEASE TO GET YOUR SHOT OFF AS FAST AS POSSIBLE

OPTIMAL BALANCE + QUICK RELEASE

VAPOR 1X

Ideal for the crafty player that excels in puck handling and quick-release shots.

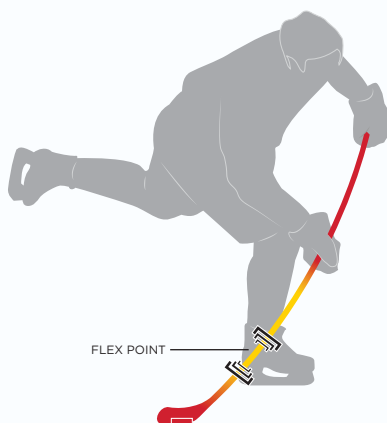

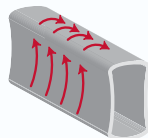

AERO-SENSE CORE II

Designed with our NEW Dual Density AERO FOAM 3 core blade for a light but crisp feel. A new evolution of SENSE technology enhances the stick's playability, performance and durability by absorbing more energy. This complex combination is lightweight, improving the overall balance of the stick while improving torsional stability for a strong and SENSE quick release on all shots.

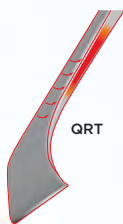

MICRO FEEL II SHAFT

Rounded corners and double concave shaft walls allow the shaft to fit comfortably in your hands. The result is easier puck handling and superior control.

(QRT) QUICK RELEASE TAPER TECHNOLOGY

NEW aggressive taper design is optimized to load and recoil energy in the lower part of the shaft allowing a player to get their shot off as fast as possible. This new low kick design is ideal for quick motion snap and slap shots.

MONOCOMP TECHNOLOGY

Our industry-leading single molding process ensures product and performance consistency. By removing excess material like overlapping layers, resin and foam waste, the balance of the stick is improved and overall weight is reduced.

TeXtreme® TECHNOLOGY

Exclusive to BAUER in hockey, TeXtreme® is ultra lightweight and strong carbon fiber. 20% lighter than conventional carbon, it reduces weight without sacrificing strength. A new silver TeXtreme® is featured exclusively on the Vapor 1X.

eLASTech TECHNOLOGY

Proprietary resin system with carbon nanotube reinforcements increases durability by reducing the spread of micro-fractures caused by slashes and puck impacts, extending a stick's 'pop-life' to keep it feeling newer, longer.

PURE SHOT BLADE PROFILE

The optimized blade profile increases the connection point between the blade-hosel transition of the stick. This reduces the amount of blade deflection—the twisting or opening of the blade while shooting—improving blade control and delivering pinpoint shooting accuracy.

BAUER PRODIGY® YOUTH SERIES

BUILT FOR THE YOUTH PLAYER

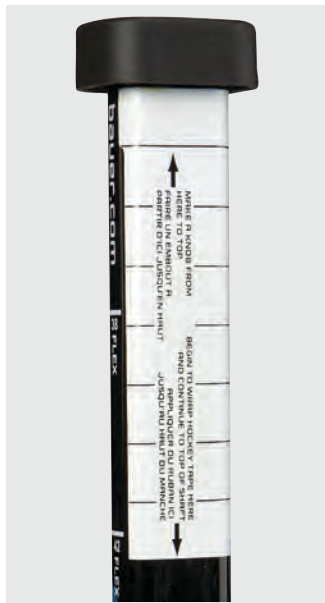

The BAUER PRODIGY® line of sticks was designed specifically for the youth player who is either playing the game for the first time or is still developing and looking for an enjoyable on-ice experience.

Using height and weight ranges collected from government agencies and BAUER's R&D testing, PRODIGY was designed in 3 specific heights, each with a corresponding shaft thickness and a fine-tuned flex profile to maximize player performance.

PRODIGY also features intuitive design elements to remove the guesswork from stick preparation, including a removable rubber butt-end cap and basic instructions on how to tape both the handle and blade of the stick.

ENLARGED END CAP

Helmet Sizing and Certification

Open helmet to its largest setting and position on the head so that the front edge of the helmet is one finger width above the eyebrows. Slide the front and back portions of the helmet together until a comfortable, snug fit is achieved. Tighten the adjustment mechanism.

Players should only use CSA, HECC and CE certified helmets. These helmets have stickers affixed that indicate their compliance with the applicable standards.

[905 CHR]

[905 I2]

Facemask Sizing Info

The facemask should fit snugly to the chin. If it is too long, it may not remain in place during impact.

When the player's mouth is closed, the chin should fit comfortably into the chin-cup. Attach the facemask securely to a compatible, certified helmet according to the instructions provided.

BAUER recommends the use of a mouth guard, especially when using a half shield. Injuries to the face, nose, eyes, jaw and teeth may occur while wearing a half shield.

SUPREME COVERAGE

SUPREME TOTALONE MX3

ANATOMICAL FIT

Engineered from the inside out, specialized material placement provides the player with a comfortable, natural fit that is close to the hand.

SUPERIOR PROTECTION FLEXORB + PORON® XRD™ FOAM

A hybrid between comfort and protection. Exclusive impact absorption technology that reacts based on the force of the hit. Flexorb provides enhanced protection and mobility.

QUATTRO+ PALM POWERED BY AX SUEDE

Triple fiber blend construction provides an exceptionally soft feel with superior abrasion properties. Enhanced moisture management keeps your hands dry and resists water uptake making it less prone to cracking over time. QUATTRO+ PALM is offered in standard ivory (APX2 PRO) and select team colors (dark grey, orange, red, blue and gold).

SUPREME COVERAGE

SUPREME TOTALONE MX3

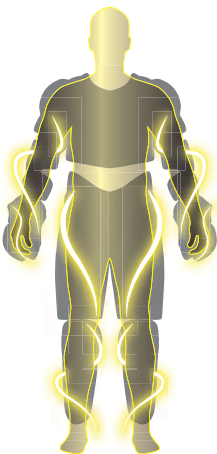

NEW — STRAP LOCK SYSTEM /INTEGRATED SLEEVE LOCK

The NEW Strap Lock System and Integrated Sleeve Lock helps secure the product to the player's body for enhanced stability and protection.

ANATOMICAL FIT PROPERTIES

The SUPREME TOTALONE MX3 protective line provides a natural, close-to-the-body fit that helps players achieve maximum power with every movement.

SUPREME PROTECTION

Protection Flexorb

Provides energy absorption and comfort in key areas on the knee joint, elbow joint and sternum region.

Exposed molded Vent Armor Foam

Provides light-weight and breathable protection in key areas on the shoulder, chest, knee, and elbow regions helping to dissipate impacts.

FLEXORB

PRODIGY™ Youth Top and Bottom – NEW

This unique 2-in-1 system allows kids to slip right into this last layer of protection. Additional padding was applied where it's needed most – in the elbows, knees and tailbone to ensure a more comfortable experience on ice. Several features such as the youth specific shoulder cap, strapping system on the shin and suspender buttons all help provide an optimal fit. Also part of this unique 2-in-1 system is a universal pocket that fits either jock or jill.

YOUTH TOP [1046247] S, M, L

Integrated shoulder and elbow system
 Segmented design for maximum mobility
 Floating bicep protection for youth specific fit

Features
 Shoulder Cap: Double density foam construction
 Sternum: Molded double density foam
 Spinal: Vented spinal foam construction
 Bicep Guard: Adjustable elbow system
 Elbow Cap: Molded MD foam
 Forearm Guard: MD foam
 Elbow Joint: MD foam + sleeve
 Elbow Strap: 2-strap system
 Liner: Hydrophobic mesh

YOUTH BOTTOM [1046248] S, M, L

Integrated pant, shin, and jock/jill system
 Customized fit with pant leg zippers and suspender buttons

Features
 Shin Cap: Double density foam with PE insert
 Knee Cap: Injected knee cap
 Calf Guard: Molded double density
 Shin Strap: Anchor strap
 Tail Pad: LD foam + PE insert
 Shell: Nylon stretch panels

ANATOMICAL FIT

The SUPREME TOTALONE MX3 pant offers a natural, close to the body fit to enhance efficiency for all hockey movements.

ADVANCED PROTECTION

Utilized in the new MX3 pant, PORON® XRD™ provides optimal impact management and maximum comfort.

ADAPTABLE CORE TECHNOLOGY

A truly unique adjustable pant system, our adaptable core technology allows a player to internally adjust both the leg and front region of the pant for a customized fit.

Warning: Neck laceration protectors are recommended to minimize the possibility of injury resulting from skate cuts or other superficial blows. Neck laceration protectors cannot protect against all potential injuries. Collar style protectors provide coverage at critical areas. Use a bib-type style to extend protective area down to the upper chest, from shoulder to shoulder.

How to Measure for a Good Fit

- A** CHEST
- B** WAIST
- C** SEAT

A CHEST

Measure around the fullest part of your chest, keeping the tape firmly under your armpits and around your shoulder blades.

B WAIST

Measure around the natural waist (where your body creases leaning to the left or the right).

C SEAT

Measure around the fullest part of the seat.

- For best results, take measurements over undergarments.
- Hold tape measure firmly, not tightly.
- Keep tape measure parallel to the floor.
- Match your measurements to the above size chart. If measurements fall between sizes, go to the next size up.

TEAM UNITY

BAUER Team Outerwear Collection

KEY FEATURES:

- Made from durable, resilient and quick drying water-resistant polyester dobby fabric
- Inside collars are lined with micro-fleece; fleece chin guards prevents zippers from chafing
- Articulated sleeves allows arms to move freely and naturally, adjustable cuffs allow for a customized fit
- High quality YKK® zippers*
- 2 external front side seam pockets with zipper closure, internal mesh pocket
- External media pocket at right chest with internal headphone pass and zipper closure
- Post-embellishment access point at inside back panel for easy front and back access

BAUER

Chip Foster™

BAUER partners with premium denim maker CHIP FOSTER with a line of denim designed in detail and in fit specifically for the uniqueness of a hockey player. A new fit has been added to the styles and several updated washes to keep the hockey player on the fashion and comfort forefront.

VINTAGE WASH

RAW WASH

CHINO WASH

ANTIQUE WASH

RINSE WASH

RELAXED HOCKEY FIT

Designed to fit the more robust, athletic thigh and butt of a hockey player with a wider leg. 'Relaxed Fit' is specifically designed with a wider thigh to bottom leg opening. Now offered in youth sizes.

How to Measure for a Good Fit

A CHEST
B WAIST
C SEAT

A CHEST

Measure around the fullest part of your chest, keeping the tape firmly under your armpits and around your shoulder blades.

B WAIST

Measure around the natural waist (where your body creases leaning to the left or the right).

C SEAT

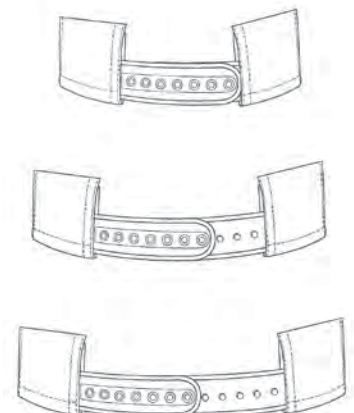

Measure around the fullest part of the seat.

- For best results, take measurements over undergarments.
 - Hold tape measure firmly, not tightly.
 - Keep tape measure parallel to the floor.
 - Match your measurements to the above size chart.
- If measurements fall between sizes, go to the next size up.

VIBRATION DAMPENING SHELL

The NME 10 has a full layer of 12k carbon weave protecting its fiberglass foundation. The INNEGRA™ fiber in the forehead and chin provides vibration dampening in the areas which are most frequently impacted.

COMFORT LINER

Multiple layers of VN foam provide impact absorption near the outer shell. PORON® foams in the NME 10 deliver superior impact absorption closest to the face while soft comfort zones relieve compression around pressure points.

*Products carrying a Non-Certified designation do not meet the certification requirements of CSA and HECC. Not for sale in Canada.

VIBRATION DAMPENING TAPE

The new NME masks reduce vibration and “ringing” by adding a unique tape to the inside of the shell. The vibration dampening tape helps disperse energy traveling through the shell before it reaches the liner.

WIRE WRAP TECHNOLOGY

The new NME masks have added protection around the wire to help absorb impact and prevent damage to the shell.

*Products carrying a Non-Certified designation do not meet the certification requirements of CSA and HECC. Not for sale in Canada.

TeXtreme® TECHNOLOGY

Exclusive to BAUER in hockey. TeXtreme® is an ultra lightweight and strong carbon fiber. 20% lighter than conventional carbon, it reduces weight without sacrificing strength.

SUSPEND-TECH LINER

A free floating suspension liner utilizing PORON® XRD™ foam technology offers enhanced protection and maximum comfort.

*Products carrying a Non-Certified designation do not meet the certification requirements of CSA and HECC. Not for sale in Canada.

Goal Mask Sizing

It is recommended that all goaltenders wear CSA and HECC certified masks. All CSA and HECC certified masks have a sticker indicating their certification.

When fitting a BAUER goaltender mask, adjust the unit so that the upper perimeter of the frontal component is 1/4 inch above the eyebrow. For a proper fit, make sure all straps are fastened so that the chin cup fits snugly against the chin.

Model	Head Size	Circumference (inches/mm)	Certification
CONCEPT S/M	6 ⁷ / ₈ –7 ¹ / ₄	21.6"–22.8" / 550 mm–580 mm	CSA, HECC, CE

YOUTH	L / XL	22" - 24" / 56 cm - 61 cm
	S / M	20" - 22" / 51 cm - 56 cm

Fitting Guide: When fitted properly, goal pants should provide unrestricted movement in the crouch position, but should not be so loose that they rotate excessively around the waist. Loosely fitting pants provide superior net coverage in addition to making the goalie look bigger. Goal pants should provide overlapping coverage with the bottom of the chest pad and the tops of the goal pads.

BACK SKATE LOOP

A nylon loop on the back of the boot provides a new option for goalies who prefer to feed the boot strap behind the skate.

CURV® COMPOSITE BOOT

The new REACTOR 9000 features Curv® composite boot providing structural support while reducing weight and adding durability over time.

*Curv is a registered trademark of the Propex Operating Company, LLC

PORON® XRD™ ANKLE PADDING

PORON® XRD™ foam technology provides unmatched comfort in the boot. The foam helps form around the ankle to provide comfort and manage impact.

HANDLE

2 carbon strips run along the front and back of the handle to add stiffness and reduce breakage.

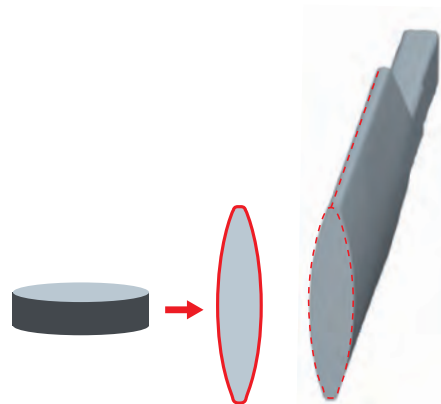

PADDLE

10 carbon strips run along the front and back of the paddle to add stiffness and reduce breakage.

BAUER

TRADITIONAL PADDLE GEOMETRY

Symmetrical geometry and foam core paddle construction provides traditional feel and performance.

REACTOR PADDLE MEASURING

— REACTOR METHOD

*REACTOR 25" = SUPREME 26.5"

CARBON TRIAXIAL BRAID

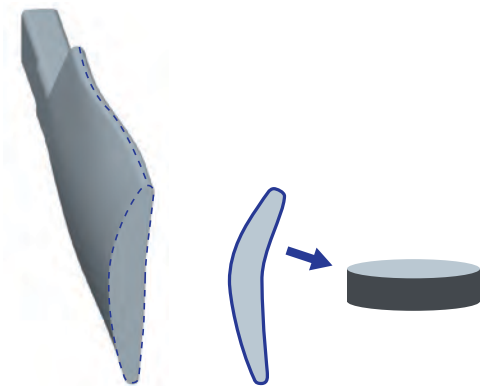

Carbon triaxial braid is used to reinforce the blade, add stiffness, and reduce breakage.

SUPREME TOTALONE^{NXG}

ERGONOMIC PADDLE GEOMETRY

Patented ergonomic geometry allows the paddle to seal closer to the pads and body. The concave paddle front increases rebound control and reduces weight.

SUPREME PADDLE MEASURING

— SUPREME METHOD

*SUPREME 26.5" = REACTOR 25"

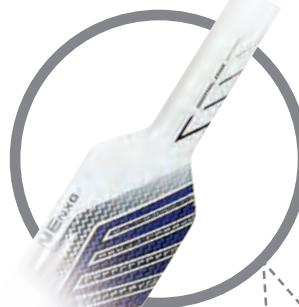

INNEGRA FIBER

Unique INNEGRA™ fiber woven with carbon reinforcement combines maximum durability with the feel of foam core.

CONTROL ZONE

Ergonomic shaped control zone with GRIPTAC on the shoulder for control during saves.

AIR CHANNEL CORE TECHNOLOGY

An air channel in the paddle significantly reduces weight and improves vibration dampening.

REACTOR HYBRID Goal Stick — NEW

GOAL PERFORMANCE APPAREL

Elite Padded Goalie LS Base Layer Top

Senior [1044397] S-XXL

Fabric Content

Main: 87% Cocona® 37.5™ Polyester / 13% Spandex

Mesh: 87% Cocona® 37.5™ Polyester / 3% Polyester / 10% Spandex

Features and Benefits

Revolutionary 37.5™ Technology maximizes evaporation of moisture for enhanced comfort and performance

FlexOrb technology for superior impact absorption with increased mobility and patented washability

Goalie specific impact protection at clavicle, chest, and rib areas

Underarm gussets for added mobility; Drop tail hem that won't ride up

Locker loop at inside back neck

Fit

WARNING: Goal jocks are designed to minimize the risk of injury. No athletic cup can eliminate all potential injuries. Neck protectors are recommended to reduce the risk of injury resulting from skate cuts in the protective zone of the product. Neck protectors cannot protect against all potential injuries. Collar style protectors provide coverage at critical areas. Use a bib-type style to extend protective area down to the upper chest, from shoulder to shoulder. Turtleneck style neck protectors feature a cut resistant bib extension which overlaps the shoulder pads.
